Waterbar

Waterbar is a smart and modern dispensing solution for dispensing water and flavored water, suitable for any type of public environment, from bars to restaurants, from offices to canteens, from gyms to wellness centres. It allows you to obtain personalized drinks with aromas, essences, supplements, mineral salts at various carbonation levels.

Features:

Type of dispensed beverage:

 Water  Water+

Number of ways/lines:

 from 1 to 6

Types of water:

 Ambient  Natural cold  Sparkling cold

Finish:

 White

 Self Service  Lighting  Connectable System

Strengths

Performance

- The Waterbar smart font is equipped with a Celli multivalve with 6 lines, which allows a wide range of combinations of flavored drinks and supplements, with various levels of carbonation
- This solution allows for total customization of the drink, with the possibility of adjusting the dose in four sizes for each type of water

Serviceability

- The interactive display supports installation and maintenance with intuitive wizards

Design & User Experience

- The glossy white design of the Waterbar has fluid and modern lines, with smooth surfaces without visible screws and a 10" touch screen for maximum interactivity
- The user interface offers complete customization of the consumer experience

Advanced Features

- Thanks to the telemetry system based on IoT technology, real-time remote monitoring of the dispenser is enabled, providing information on the status of the system and dispensing data to facilitate maintenance and control of consumption
- Supports cashless payment via QR code or NFC

Convenience

- The integrated touchscreen display allows for self-service drink dispensing, reducing total cost of ownership (TCO) and lowering staff costs

Hygiene & Safety

- The integrated safety valve prevents any water leakage due to internal faults, ensuring safe operation in all conditions

10” Touchscreen
for the maximum
interactive experience.

COMPLETE INSTALLATION WITH:

TE-MIX 15-25
for the complete range

Drink Tower

Drink Tower is a modern and elegant dispensing solution, perfect for use in high-capacity restaurants, bars and hotels. It allows the dispensing of water at room temperature or cold, still and sparkling.

Features:

Type of dispensed beverage:

Water

Number of ways/lines:

from 2 to 3

Number of people:

>250

Types of water:

Ambient

Natural cold

Sparkling cold

Finish:

Stainless Steel

Strengths

Performance

- The Drink Tower font allows the automatic dispensing of ambient and cold, still and sparkling water
- Possibility to set the dose in two sizes, small and large, for each type of water

Design & User Experience

- The Drink Tower font features an elegant and minimalist design, equipped with an LCD display configured in three working and programming languages (Italian, English, and German)
- It can be installed with any under-counter system, whether small or large, depending on the usage requirements

Label & Certification

- Drink Tower is NSF certified
- The column is tested and engineered in the Celli testing laboratories and complies with the technical regulations for a wide range of countries: EU, UK, APAC, USA

Convenience

- Thanks to the electronic control it is possible to pre-set some functions of the machine such as the dose of water to be dispensed automatically with a volumetric criterion
- This allows you to monitor operation in real time and make consumption more efficient

Hygiene & Safety

- Body in stainless steel and satin aluminum to guarantee maximum hygiene and simplify maintenance/cleaning of the product
- Equipped with visual alarm for filter replacement, where present

DRINK TOWER

The ease of use and the choice of high quality materials guarantee maximum hygiene and at the same time reduce the need for non-routine maintenance.

Lean 2

Lean 2.0 is Celli's smart dispenser with a small footprint, with an innovative UI to enrich the customer experience. Ideal for self-service, it is designed to expand the draught beverage business and improve ROI, even in venues with low/medium attendance. Easily installed, it allows for an easy switch between remote and overcounter configurations.

Features:

Type of dispensed beverage:

Water

Soft Drink

Non Carbonated Beverages

Number of ways/lines:

8 taps

Number of people:

100-125

Types of water:

Natural cold

Sparkling cold

Finish:

Black

Energy Saving

Lighting

Connectable System

Connection: Through the Bar

Strengths

Performance

- Lean 2 allows the dispensing of water, carbonated and non-carbonated beverages
- Through the Celli multivalve it allows you to dispense up to 8 different drinks, flavor shots and both cold sparkling and still water

Advanced Features

- Supports Cashless payments
- Lean 2 tower is compatible with various coolers in undercounter applications such as Lean undercounter, Eclipse or Brave
- Lean 2 in the over-the-counter version allows flexibility in dispensing beverage volumes for every need

Serviceability

- Lean 2 is designed to best support technical assistance and service, with a menu dedicated to technicians, software updates both remotely and via USB stick, quick change of promotional video and cloud connectivity

Convenience

- Equipped with a 10
- 1" monitor, Lean 2 is the perfect solution for engaging the end consumer in self-service mode, reducing the TCO (total cost of ownership) and maximizing engagement at the point of sale

Design & User Experience

- Lean 2 features a compact design to adapt to any context
- Equipped with a 10
- 1" touchscreen, NFC and camera for advanced interaction with the end consumer
- Branded with the new Titan logo and characterized by soft lines, it offers an attractive and modern design

Label & Certification

- Lean 2 is Meta certified, meeting Pepsi's rigorous standards for machine reliability and performance

Fonts

Smart Tower

Smart Tower is Celli's compact and intelligent font, equipped with an innovative interface to improve the customer experience. Designed for self-service, it is ideal for expanding the draught beverage business and optimizing ROI even in venues with low/medium attendance, thanks to a practical 10" monitor.

Features:

Type of dispensed beverage:

Water

Soft Drink

Non Carbonated Beverages

Number of ways/lines:

6 taps

Types of water:

Natural cold

Sparkling cold

Finish:

Red

Lighting

Connectable System

Strengths

Performance

- Smart Tower allows the dispensing of water, carbonated and non-carbonated beverages
- Through the Celli multivalve it allows you to dispense up to 6 different drinks, flavor shots and both cold sparkling and still water

Advanced Features

- It offers 4 different pre-configured dosages and an automatic top-off system to adjust the foam to the ideal level, ensuring high quality of the drink
- Equipped with integrated telemetry, it allows precise control of consumption and effective monitoring for service and maintenance

Serviceability

- Smart Tower is designed to best support technical assistance and service, with a menu dedicated to technicians, software updates both remotely and via USB stick, quick change of promotional video and cloud connectivity

Convenience

- Equipped with a 10
- 1" monitor, Smart Tower is the perfect solution for engaging the end consumer in self-service mode, reducing the TCO (total cost of ownership) and maximizing engagement at the point of sale

Design & User Experience

- Smart Tower stands out for its compact design, perfect for any environment, and a 10
- 1" touchscreen interface with NFC for advanced interaction with the end consumer
- The slender design, inspired by the iconic shapes of the Coca-Cola glass and to the distinctive lines of the Smart Tower logo, makes it a font of refined and functional design

Label & Certification

- Smart Tower is certified to comply with Coca Cola's rigorous standards for system reliability and performance
