Fonts

Polar

Polar is a post-mix font for dispensing soft drinks or non-carbonated beverages, featuring an eye-catching design that makes a strong impact in restaurants and venues. Allows the application of up to 8 valves.

Features:

Type of dispensed beverage:

Water

Soft Drink

Non Carbonated Beverages

Number of ways/lines:

4 taps

6 taps

Types of water:

Natural cold

Sparkling cold

Finish:

Vitreous

Lighting

Connection: Through the Bar, Clamp To Bar

Strengths

Performance

- The Polar font allows the dispensing of water, carbonated and non-carbonated beverages
- Supports the application of 4,6 or 8 lines of syrup

Serviceability

- The font can be easily installed in two ways: with a TTB connection, for better management of the pipes, or with an external clamp on the counter
- The Celli coupling system, equipped with a double gasket ring, ensures optimal sealing and resistance over time

Design & User Experience

- Thanks to the thermoformed shield that can be illuminated by LEDs, the Polar column allows the customer to have a large front and lateral surface for branding
- Furthermore, the vitreous body itself can be customized on request

Advanced Features

- Integrated water switch that allows the perfect dispensing of carbonated and non-carbonated beverages with immediate switch between water and soda without the need for special tools

Convenience

- The body of the font is made of eco-friendly vitreous material

Label & Certification

- Polar is certified in compliance with the rigorous standards of the world's most important soft drink companies in terms of system reliability and performance

Fonts

Adria

Adria is a post-mix font for dispensing soft drinks or non-carbonated drinks, with an aluminum body that can be customized in the brand colours, ideal for enhancing brand identity and capturing attention at the point of sale. Allows the application of up to 8 valves.

Features:

Type of dispensed beverage:

Water

Soft Drink

Non Carbonated Beverages

Number of ways/lines:

4 taps

6 taps

Types of water:

Natural cold

Sparkling cold

Finish:

Alloy

Lighting

Connection: Through the Bar

Strengths

Performance

- The Adria font allows the dispensing of water, carbonated and non-carbonated beverages
- Supports the application of 4,6 or 8 lines of syrup

Serviceability

- The font can be easily installed thanks to a TTB connection, for better management of the pipes

Label & Certification

- Adria is certified in compliance with the rigorous standards of the world's most important soft drink companies in terms of system reliability and performance

Advanced Features

- Equipped with a key for easy lateral access to the font body and rapid activation and deactivation of the valves

Design & User Experience

- Adria font features integrated lighting and 360° visible branding, to ensure maximum brand impact in any context

Fonts

Dynamic

Dynamic is a post-mix column with a clean and impactful design, ideal for dispensing soft drinks or non-carbonated drinks. With its rounded design, it recalls the iconic shapes of the Coca-Cola brand and allows optimal visibility of the logo both in wall installations and at the bar counter. Allows the application of up to 6 valves.

Features:

Type of dispensed beverage:

Water

Soft Drink

Non Carbonated Beverages

Number of ways/lines:

6 taps

Types of water:

Natural cold

Sparkling cold

Finish:

Chrome

Red

Lighting

Connection: Through the Bar

Strengths

Performance

- The Dynamic font allows the dispensing of water, carbonated and non-carbonated beverages
- Supports the application of 6 lines of syrup

Serviceability

- The font can be easily installed thanks to a TTB connection, for better management of the pipes

Label & Certification

- Dynamic is certified to comply with Coca Cola's rigorous standards in terms of system reliability and performance

Advanced Features

- Equipped with a key for easy lateral access to the font body and rapid activation and deactivation of the valves

Design & User Experience

- Dynamic font features a unique and impactful design, with rounded shapes typical of the Coca-Cola brand and a large backlit branding area
- Its front surface captures attention, with the logo visible in both self-service and crew-served modes, ensuring maximum brand impact in any context

Fonts

Prestige

Prestige is a post-mix font for dispensing soft drinks or non-carbonated beverages with an attractive design with the logo displayed on all sides. The design recalls that of the iconic Coca-Cola glass. Allows the application of up to 8 valves.

Features:

Type of dispensed beverage:

Water

Soft Drink

Non Carbonated Beverages

Number of ways/lines:

4 taps

6 taps

Types of water:

Natural cold

Sparkling cold

Finish:

Black

Red

Lighting

Connection: Through the Bar

Strengths

Performance

- The Prestige font allows the dispensing of water, carbonated and non-carbonated beverages
- Supports the application of 4,6 or 8 lines of syrup

Advanced Features

- Equipped with a key for easy lateral access to the font body and rapid activation and deactivation of the valves

Serviceability

- The font can be easily installed thanks to a TTB connection, for better management of the pipes

Convenience

- The body of the font is made of eco-friendly vitreous material

Design & User Experience

- The shape and design of the Prestige font is inspired by the iconic Coca-Cola glass, allowing a large branding surface and best communicating the value of the brand

Label & Certification

- Prestige is certified in accordance with Coca Cola's rigorous standards for system reliability and performance

Fonts

Cool

Cool is a post-mix font for dispensing soft drinks or non-carbonated drinks with a minimal design, perfect for all those installations with limited space. Allows the application of 3 to 8 valves.

Features:

Type of dispensed beverage:

 Water  Soft Drink  Non Carbonated Beverages

Number of ways/lines:

✓ from 3 to 4 ✓ 6 taps ✓ 8 taps

Types of water:

 Natural cold  Sparkling cold

Finish:

 Chrome

 Lighting

Connection: Through the Bar, Clamp To Bar

Strengths

Performance

- The Cool font allows the dispensing of carbonated and non-carbonated beverages
- Supports the application of 3, 4, 6 or 8 lines of syrup

Serviceability

- The font can be easily installed in two ways: with a TTB connection, for better management of the pipes, or with an external clamp on the counter
- The Celli coupling system, equipped with a double gasket ring, ensures optimal sealing and resistance over time

Label & Certification

- Cool is Meta certified, in compliance with Pepsi's rigorous standards of system reliability and performance

Advanced Features

- Equipped with a key for easy lateral access to the font body and rapid activation and deactivation of the valves

Design & User Experience

- Cool is the postmix font with a minimal design, perfect for venues with limited space on the bar counter, thanks to its ultra-compact size

Fonts

Tristar

Tristar is a post-mix font with an attractive design, perfect for dispensing soft drinks or non-carbonated drinks. Inspired by the fizz of a high-carbonation drink, it features a pattern of CO2 bubbles rising up the column, with the logo displayed on all sides. Allows the application of up to 8 valves.

Features:

Type of dispensed beverage:

Water

Soft Drink

Non Carbonated Beverages

Number of ways/lines:

4 taps

6 taps

Types of water:

Natural cold

Sparkling cold

Finish:

Blue

Black

Lighting

Connection: Through the Bar

Strengths

Performance

- The Tristar font allows the dispensing of water, carbonated and non-carbonated beverages
- Supports the application of 4,6 or 8 lines of syrup

Serviceability

- The font can be easily installed thanks to a TTB connection, for better management of the pipes

Label & Certification

- Tristar is Meta certified, meeting Pepsi's rigorous standards for system reliability and performance

Advanced Features

- Integrated water switch that allows the perfect dispensing of carbonated and non-carbonated beverages with immediate switch between water and soda without the need for special tools

Design & User Experience

- The innovative design recalls the carbonation effect typical of soft drinks
- Thanks to the LED lighting, the Tristar column offers an attractive front surface

Fonts

Crew Tower

Crew Tower is a post-mix column with an iconic and bold design, designed to enhance the bartender's skills and elevate the drinking experience, even in venues with lower consumption. With the possibility of installing up to 4 valves, it offers a versatile and aesthetically impacting solution that adds style and functionality to every service.

Features:

Type of dispensed beverage:

Soft Drink

Non Carbonated Beverages

Number of ways/lines:

4 taps

Types of water:

Natural cold

Sparkling cold

Finish:

Black

Lighting

Connection: Through the Bar, Clamp To Bar

Strengths

Performance

- The Crew Tower font allows the dispensing of water, carbonated and non-carbonated beverages
- Supports the application of 4 lines of syrup

Serviceability

- The font can be easily installed in two ways: with a TTB connection, for better management of the pipes, or with an external clamp on the counter
- The Celli coupling system, equipped with a double gasket ring, ensures optimal sealing and resistance over time

Design & User Experience

- With an impactful and immediately recognizable design, the Crew Tower combines innovation and tradition
- The classic draught style knobs enhance every pour, showcasing the bartender's skill even in postmix service

Advanced Features

- Thanks to technological innovation, the internal postmix valves can be activated via a practical lever knob

Convenience

- Perfect for venues with medium-low dispensing volumes that require quality and sustainability

Label & Certification

- Crew Tower is Meta certified, meeting Pepsi's rigorous standards for system reliability and performance
