Overcounters

Smart juices

Smart juices is a 12 liter post-mix refrigeration unit for dispensing juice, juice with pulp and water with ice bank technology, designed for over-the-counter application in bars and restaurants with a limited daily product consumption. Supports 3 drink lines.

Features:

Type of dispensed beverage:

Water

Non Carbonated Beverages

Number of ways/lines:

3 taps

Number of people:

30-40

Finish:

Stainless Steel

Energy Saving

Lighting

Strengths

Performance

- Smart juices allows you to refrigerate 3 lines of fruit juice
- The system is designed for conditions of moderate effort, still offering excellent performance thanks to the 4
- 5 kg ice bank which guarantees constant cooling even during peaks of use

Convenience

- Smart juices uses R290 refrigerant gas, with low environmental impact, and integrates energy saving technologies
- The 30mm HFC-free tank insulation reduces heat loss, ensuring maximum efficiency and sustainability

Serviceability

- Extremely easy installation thanks to the internal juice pumps
- Easy access to all parts of the system for quick and simple maintenance

Design & User Experience

- Smart juices is characterized by a minimal and compact design, ideal for modern environments with limited space
- It features large customizable areas also via lateral magnets and a backlit front shield for impactful brand communication

Overcounters

Smart post-mix

Smart is a 7-litre post-mix refrigeration unit for dispensing soft drinks with ice bank technology, designed for over-the-counter application in bars and restaurants with limited daily product consumption. Supports 3 syrup lines.

Features:

Type of dispensed beverage:

Water

Soft Drink

Number of ways/lines:

3 taps

Number of people:

30-40

Types of water:

Sparkling cold

Finish:

Stainless Steel

Energy Saving

Lighting

Strengths

Performance

- Smart post-mix allows you to refrigerate soda, water and 3 lines of syrup
- The system is designed for conditions of moderate effort, still offering excellent performance thanks to the 4
- 5 kg ice bank which guarantees constant cooling even during peaks of use

Convenience

- Smart post-mix uses R290 refrigerant gas, with low environmental impact, and integrates energy saving technologies
- The 30mm HFC-free tank insulation reduces heat loss, ensuring maximum efficiency and sustainability

Label & Certification

- Smart post-mix is certified in accordance with the rigorous standards of the world's most important soft drink companies in terms of machine reliability and performance

Serviceability

- The refrigeration unit and system components are easily accessible, allowing quick installation without the need to disconnect hydraulic parts or syrup pipes

Design & User Experience

- Smart post-mix is characterized by a minimal and compact design, ideal for modern environments with limited space
- It features large customizable areas also via lateral magnets and a backlit front shield for impactful brand communication

Smart Joy

Smart Joy is Celli's smart dispenser with a 30-litre tank, ice bank technology and innovative UI to enrich the customer experience. Ideal for self-service, it is designed to expand the draught beverage business and improve ROI, even in venues with low/medium attendance. Easily installed, it allows for an easy switch between remote and overcounter configurations.

Features:

Type of dispensed beverage:

Water

Soft Drink

Number of ways/lines:

6 taps

Number of people:

100-125

Types of water:

Sparkling cold

Finish:

Red

Energy Saving

Lighting

Connectable System

Strengths

Performance

- The Smart Joy allows the dispensing of water, carbonated and non-carbonated beverages
- Through the Celli multivalve it allows you to dispense up to 6 syrups and 21 combinations of different drinks, flavor shots and both cold sparkling and still water

Serviceability

- Smart Joy is designed to best support technical assistance and service, with a menu dedicated to technicians, software updates both remotely and via USB stick, quick change of promotional video and cloud connectivity

Design & User Experience

- Smart Joy is characterized by a compact design to adapt to any context
- Equipped with a 12
- 1" touchscreen, NFC and camera for advanced interaction with the end consumer
- Totally branded and characterized by soft lines, it offers an attractive and modern design

Advanced Features

- Supports Cashless payments
- Possibility to enable the consumer to customize the carbonation level

Convenience

- Equipped with a 12
- 1" monitor, Smart Joy is the perfect solution for engaging the end consumer in self-service mode, reducing the TCO (total cost of ownership) and maximizing engagement at the point of sale

Label & Certification

- Smart Joy is certified in accordance with Coca Cola's rigorous standards for machine reliability and performance
